

JABRA BIZ™ 620 USB

FOR MICROSOFT OFFICE COMMUNICATOR

Jabra®

DATASHEET

BEST VALUE PROFESSIONAL HEADSET FOR ENHANCED UC EXPERIENCES

The Jabra BIZ 620 USB headset is the ultimate entry-level headset for first time users of Unified Communications (UC) with Microsoft Office Communicator. This plug-and-play solution combines superior audio performance and durability with all the hands-free advantages of a professional Jabra headset.

WELCOME TO VOIP IN TRUE WIDEBAND QUALITY

For users of Microsoft Office Communicator's application the headset is your point of delivery for the entire UC system. It's where the vision of hassle-free and intuitive VoIP in full wideband sound quality comes to life. So why settle for anything less, when you can get a professional grade headset which supports all these great features?

Jabra BIZ 620 USB is designed to enhance the experience with Microsoft® Office Communicator 2007 by providing full wideband audio. True wideband sound gives you outstanding speech clarity. The noise-canceling microphone effectively cuts off unwanted background noise. As a result, you will feel more comfortable and be able to work more efficiently right from day one.

ENHANCED USER EXPERIENCE - LONG SERVICE LIFE

The Jabra BIZ 620 USB is plug-and-play with Microsoft® Office Communicator 2007. Integrated in-line call control buttons enable you to answer/end calls and adjust volume directly from the headset. No drivers or additional software are needed. Microsoft Office Communicator automatically recognizes the headset and the integrated controls. Just plug the headset into the USB port of your PC and you're ready to roll!

The Jabra BIZ 620 USB is available with mono speakers for quiet work environments and duo speakers for noisy or open plan offices. Both models have successfully passed GN Netcom's strict quality assurance tests for professional headsets to ensure long service life.

For extensive headset use, i.e. over 2 hours per day, GN Netcom recommends the corded Jabra GN2000 USB OC and Jabra BIZ™ 2400 USB OC or the wireless Jabra GO™ 6430 and Jabra GN9300e OC Series.
